

Choir Ninja™ Curriculum Progression Guide

Choir Ninja™ is a sequential sight-reading curriculum built around 10 progressive belt levels. Each level introduces new literacy concepts while reinforcing previously mastered skills through daily sight-reading practice using moveable Do solfege.

The curriculum is intentionally designed with overlapping instruction, allowing teachers to differentiate instruction and provide remediation or enrichment based on student readiness rather than grade level.

Level	Belt	Keys	Intervals	Rhythms	Instructional Progression
1	White Belt	C Major	Unison and 2nds	Quarter Note/Rest	Beginning
2	Yellow Belt	C Major		+ Whole and Half Notes	Beginning / Intermediate
3	Orange Belt	C Major			
4	Green Belt	C Major			
5	Blue Belt	C, D, F Major	+Mi-Sol, Sol-Mi, Sol-Do	+ Eighth Notes	Intermediate
6	Purple Belt	C, D, F Major			Intermediate / Advanced
7	Red Belt	Bb, C, D, Eb, F, G Major	+Do-Mi, Re-Sol		Advanced
8	Brown Belt	Bb, C, D, Eb, F, G Major	+Mi-Do		
9	Black Belt	Bb, C, D, Eb, F, G Major	+Re-Fa, Fa-Re		
10	Grandmaster	Bb, C, D, Eb, F, G Major, A minor, C minor, D minor	+Do-Fa		High School Preparation

Why the Levels Overlap

The overlapping levels are intentional and provide flexibility for choirs with diverse musical backgrounds. Because students enter choir at different grade levels and experience levels, teachers can meet students where they are by providing remediation, acceleration, and differentiated instruction. This ensures every student is appropriately challenged while building the skills needed for success in advanced middle school and high school choral programs.
